PROFESSIONAL SUMMARY

I architect automation systems that scale. With deep expertise in n8n, Zapier, Make.com and Odoo CRM/ERP, I lead international automation projects and sales teams - transforming business bottlenecks into seamless, self-running pipelines. From frontend roots to automation mastery: 100+ workflows designed, multi-shift technical teams coordinated, and enterprise integrations delivered for overseas agencies and decision-makers.

EXPERIENCE

Sales Team Lead - Automation Sales

Jan 2024 - Present

SMT (Betopia Group)

- Leading automation sales & operations for international clients across time zones
- Architecting n8n / Zapier / Odoo CRM/ERP workflow automations end to end
- Coordinating multi-shift technical teams with unified handoff systems
- Managing the full client lifecycle - discovery, delivery, retention (98%)

Junior Web Developer

Jun 2023 - Dec 2023

EduportalBD

- Built and maintained front-end systems with Tailwind CSS
- Shipped high-performance, mobile-responsive landing pages
- Optimized load times and accessibility across the platform

Web Developer / Data Collector

2022 - 2023

Theinfoport.com

- Designed front-end solutions for educational content platforms
- Managed data collection pipelines and content curation

Data Entry Officer

2020 - 2022

Hiver.Digital

- Maintained data accuracy and integrity across digital tools at scale

KEY PROJECTS

International Sales Pipeline Automation

n8n webhook listener > lead scoring > Odoo CRM auto-assignment > Slack alerts > automated follow-ups. Reduced lead response time by 85%.

Multi-Shift Team Coordination System

Laravel dashboard + real-time Trello sync + n8n handoff reports + MySQL tracking. Eliminated 95% of task duplication across 3 shifts.

E-Commerce Order Processing Pipeline

Shopify webhooks > n8n orchestration > Odoo ERP inventory > automated invoicing and shipping. 92% faster order fulfillment.
